NOTES FROM THE CHAIR

Greetings! As I'm sure many have noticed, it is March and we are just starting to get up and running. Unfortunately, a combination of unpredictable weather and speaker conflicts made scheduling a January meeting challenging. That said, the Board is quickly making up for lost time.

First on the agenda: our March meeting. Hopefully, you can join us at Papa Razzi's in Concord on March 15th, when Sonal Patel-Trivedi from Seppic will be speaking on The State of the Naturals Trend.

Second on the agenda: the Golf Outing is fast approaching. Andrew Slesinski has booked Blackstone National on June 14th for our Fifth Annual Golf Outing. For those who attended last year, we made some changes to improve dining, offering boxed lunches at the start and streamlining the awards at the end. Fingers crossed, we are hoping for a fifth straight year of beautiful weather. Registration information is available on the website. Anyone who registers before May 1st will get a golf shirt. Additionally, we have several sponsorship opportunities available. Please reach out to any of the board members if you are interested in sponsoring this event.

With National's NextGen initiative, we now have a number of new student members in our chapter. Welcome to all of you! If you are a student member and are interested in attending an event but may have limited funds or transportation, please contact me at ltrahan@livingproof.com. As a chapter, we recognize you are the future of this industry. We'd like to do whatever we can to make it easy for you to participate. Many of our general members have offered to sponsor students by covering meeting registration costs. Our meetings offer a great place to learn about the industry and network with others about potential job opportunities. Plus, the food is much better than eating in a dining hall!

Lastly, our previous secretary, Freddy Anderson-Villaluz, did an outstanding job bringing the

Notes From the Chair Continued

chapter into the 21st century with our website, electronic emails, and Facebook. Sadly, with his exit, we learned that we may not have made the leap with him. All the board members are working to fill the gap. I can attest to the fact that we are learning a LOT about WordPress and MonkeyMail (aka Mail Chimp to the social media savants). If you are not receiving emails and would like to be, please let myself or any of the board members know so that we can work to rectify it. Similarly, if you know anyone who is interested in a position as Communications Coordinator, we would love the help!

As always, please let us know if there are any topics you are interested in for future meetings. I Look forward to seeing everyone on March 15th!

Best,
Lauren Trahan
